Dear Mr. Weber:

Enclosed are revisions to Sections 3 and 4 of our FNMCP. Changes were made to close an item from a recent MC&A inspection, to update the organization chart and to modify the requirement for witnessing of UF_6 sampling for NRC licensed facilities. Use of NDA techniques as an option for receipt measurement of UF_6 has also been added.

Also enclosed is a description of the changes. Six copies of this document are provided for your use.

Please contact me, or Mr. Dave Harris of my staff, if there are any questions.
