Dear Dave Everhart,

I am the administrator of the radioactive material license for Bergen Diagnostic Management Nuclear, LLC. We are requesting our radioactive material license be amended. I am requesting a name change for the entity to Garden State Cardiology, LLP. Ownership will remain unchanged. The radiation safety officer will remain Mike Lairmore, authorized user and Medical Director will remain Alan Simon, MD and Administrative Representative will remain Michael Kesselbrenner, MD as stated on the current license. The address will not change. All radiation safety related protocols and policies will remain unchanged and in effect.

I request that this conversion to Garden State Cardiology, LLP become effective February 16, 2006. Thank you in advance for your assistance with this administrative matter. If you have any questions feel free to contact me directly or call Mike Lairmore at 201 447-3303.

Sincerely,

Michael Kesselbrenner
