Dear Mr. Randy Ragland

03009355

The Good Samaritan Hospital operates under license number 37-15567-01.

The purpose of this letter is to inform you that we would like to release the Hyman S. Caplan Pavilion from our license. This facility is located at 4th and Willow Streets, Lebanon, PA. This facility was last used for Nuclear Medicine studies in 1997. No long-lived sources were ever used here. Short-lived materials, in the form of unit doses, were transferred from Good Samaritan Hospital to Hyman S. Caplan after being calibrated. Doses were then transferred back to the hospital at the end of each day for disposal.

If you have any questions regarding these changes, please contact Brad Stevens, Nuclear Medicine Supervisor at (717) 270-7627. Thank you.
