

1/17/92

Don Shabot

Bob Berlin

Provided background of the project

ground water flows from the lake to the stream

Expect to close operations at the site by the end of the year B/1

1957 - 1962 nuclear fuel element operation

DE Makepiece  
telecom HQ EPA RI  
12/23/91

Public meeting with Public after issuance of  
the EPA order.

NRC to meet with Englehard soon  
within a month.

Englehard has been very cooperative with EPA

Soil contamination  
Ground water.

EPA order to be issued in Feb 1992  
negotiation could take months  
90 days after the final order is issued the  
characterization ~~study~~ study proposal should be ready

NMSS attorney Mike Erdstein  
~~781-964-1535~~  
301-504-1535

EPA contact will be with Jack Pavitt

NRC to set up meeting in January

Don Chabot Englehard Industries 508-625-7811

State of Mass has not been involved  
EPA is taking the lead  
21 E Program

Hazardous Waste  
Mass DEP  
Chemicals

There is a municipal well field across the lake  
from the incinerator site

Truck Incinerator - currently  
hazardous waste incinerator 1976-1982  
radioactive waste 1960 - ? ash stored onsite

Facility 14 acres fenced area  
ground water contamination

Don Shabot to determine with the methodology

Characterization for radionuclides inside and out  
Ground Penetrating Radar to find the septic system  
and the sedimentation pits.
