Re: Request for Amend License Number 24-32339-01
Mail Control Number 315090

Dear Ms. Simmons,

This letter is pursuant to our conversation on Wednesday, January 18, regarding the latest application to amend the Danforth Center's Byproduct License. Because Sodium-22 is accelerator-produced, the Danforth Center requests removal of Sodium-22 from its Materials License Number 24-32339-01.

Thank you very much for your help and guidance in this matter.

Sincerely,

Howard F. Beittenmiller
Radiation Safety Officer
Donald Danforth Plant Science Center
