Subject: Exelon/AmerGen Response to NRC Generic Letter 2006-01, "Steam Generator Tube Integrity and Associated Technical Specifications"

References: (1) Generic Letter 2006-01, "Steam Generator Tube Integrity and Associated Technical Specifications," dated January 20, 2006

(2) Letter from J. A. Bauer (Exelon Generation Company, LLC) to NRC, "Application for Technical Specification Improvement Regarding Steam Generator Tube Integrity," dated November 18, 2005 (ADAMS accession number ML053320303)

The purpose of this letter is to provide the Exelon Generation Company, LLC (EGC) and AmerGen Energy Company, LLC (AmerGen) 30-day response to Reference 1. The NRC issued Generic Letter 2006-01 (GL) requesting that addressees either confirm that a license amendment request to modify the steam generator sections of a station's Technical Specifications, consistent with NRC-approved Revision 4 of Technical Specification Task Force (TSTF) Standard Technical Specification Change Traveler, TSTF-449, "Steam Generator Tube Integrity," has been submitted, or provide the plans and schedule for submitting such a request.

February 16, 2006

In accordance with the Requested Information, Option 1, of the GL, EGC is confirming that a license amendment request to modify the steam generator sections of the Byron Station Technical Specifications and Braidwood Station Technical Specifications, consistent with TSTF-449, Revision 4, has been submitted to the NRC in Reference 2.

Also, in accordance with Requested Information, Option 1, of the GL, AmerGen is committing to submit a license amendment request to modify the steam generator sections of the TMI Unit 1 Technical Specifications, consistent with TSTF-449, Revision 4, by May 31, 2006. If AmerGen revises this commitment such that the required license amendment request would not be submitted by May 31, 2006, AmerGen will provide a description of the actions being taken or that will be taken to ensure tube integrity is being maintained (i.e., a detailed description of the TMI Unit 1 tube integrity program) within 60 days of changing this commitment as required by GL Requested Information, Options 1 and 2.

If you have any questions regarding this matter or require additional information, please contact Mr. David Chrzanowski at (630) 657-2816.

I declare under penalty of perjury that the foregoing is true and correct. Executed on the 16th day of February 2006.

Respectfully,

Keith R. Jury
Director – Licensing and Regulatory Affairs
Exelon Generation Company, LLC
AmerGen Energy Company, LLC
