Dear Mr. Virgilio:

After careful review of your December 28, 2005, letter concerning reporting of nuclear material event data to the U.S. Nuclear Regulatory Commission and discussion with members of your staff, this is to advise you that the Department of Labor's Radiological Health Unit will provide the requested information as close as possible to the real time of the incident occurrence. You were advised of this decision during the November 3, 2005, Management Review Board conference call by members of my staff.

Should you require any further information in this matter, please contact Mr. Anthony J. Germano, Director of the Division of Safety and Health, at (518) 457-3518. He will be pleased to assist in any way possible.

Sincerely,
