RE: NRC License # 45-25516-01

Dear Mr. Parker:

Odyssey Imaging would like to inform you that the Nuclear Medicine Department currently located at Carilion Cardiology, 315 Hospital Drive, Suite 205, Martinsville, VA will be relocating to a new building. The new address will be Carilion Cardiology Associates- Martinsville, 1107B Brookdale St, Martinsville, VA 24112. The new phone number will be (276) 634-4400 and the new fax will be (276) 638-2900. This office is scheduled to be operational on Monday March 20, 2006 but this is tentative. Upon approval of relocation I will notify you of our start date for use of radioactive material at this location and will report decommissioning of the old site. This site is also our address of correspondence from the NRC so we will make that change upon relocation as well. I have attached a new room diagram for the camera room and hot lab.

Also I would like to amend our license to delete as Authorized User at Primary Care Associates, PC, 1955 W. Main St, Salem, VA John Mathis, MD. Please add as authorized user Ron Washburn, MD. Dr Washburn is currently listed on our license. All other conditions of this license remain the same.

Should you have any questions please do not hesitate to call me at Carilion Cardiology (276) 656-4050 or my cell [REDACTED]

Sincerely,

Denise Phillips

Denise Phillips, CNMT RT®
Chief Technologist Nuclear Medicine
Odyssey Imaging, LLC
