- SENSITIVE ALLEGATION INFORMATION -  
- PROTECT ACCORDINGLY -

Randy,

I have gotten input from Dan, Lisa J. and Andrea K., and the consensus is that we should put an item from the letter into AMS with regard to the Notification that purportedly may have been a precursor to the 10/10 event. (Dr. K.) had mentioned this in considerably less detail previously and we informed her that we were looking at any Notifications that may relate to the event as part of the then ongoing SIT. Since we now have more specific detail about the subject matter of the Notification, and I'm not sure the SIT has looked at it (although I would assume they probably did), I agree that calling this an allegation would appear to be appropriate at this time. If you have other knowledge, i.e. that the SIT had already identified the Notification, reviewed it, and rendered conclusions about it, we could still keep the issue out of the Allegation process on that basis (and make it an RA Action Item to respond). If I don't hear anything contrary from you/DRP by the end of today (12/2), I will draw up an Allegation Receipt Report for this.

Ltr from UCS asserting that

- 1) our delay in completing investigation has wronged Harvin and chilled others
- 2) PSEG's mgt handling of the outage and R/S plan, in the days immediately after the 10/10 scram, has harmed SCWE seriously.

Ernie - - i will need your advice on how to handle this question tomorrow night

Ray/Gene - - i will need the residents' and SIT's take on the assertion about HC decision-making. we can discuss a bit tomorrow.

We know UCS also sent the ltr to PSEG - - i will get their take on it and find out if anything they are saying tomorrow will help address this.

Dave Vito - - do we need to enter as an allegation or simply a RA action item to respond.

Cyndy - - please initiate an the RA action item, if needed, based on Dave's reply.

thanks.

randy
