Gene,

We discussed this at the ad-hoc last week. I captured it in Action 3 on the ARB form. I guess it should be assigned to Doerflein vs. Lorson. I've CC'd Larry on the e-mail so he knows.

Are you going to be able to come up with any draft ARB forms for todays ad-hoc?

Dave,

Please note her request on her questions about HPCI. You have a copy of her questions. My recollection was that Frank Arner could provide the information.
