Subject: RA Brief request

Dave Vito stopped by earlier to relay a request from the RA's office for a brief on the recent Salem SCWE allegation at 10:00 a.m., tomorrow (9/25). My understanding is that Hub wants to know what the region has identified thus far on the issue, and what the next steps are from a process standpoint. The purpose of this e-mail is to inform you of that request. I will also try to contact you by phone to discuss any needed preparations.
