

**Telephone Call from Alleger for RI-2003-A-0110**

The individual called at 4:20 p.m. to ask a question:

Is the resident staff aware of these issues? Is PSEG aware that the NRC knows of these issues so that documents are not destroyed.

I explained to the individual what I had heard in the ARB this morning.

The Salem/Hope Creek site has been under Region I watch prior to her raising the current set of issues. Mr. Miller has been concerned about Salem/Hope Creek for a while.

The inspector/resident staff have been instructed to be MORE aware of what is going on and what is being said and by whom.

The issues are only known internally within the NRC - not PSEG - so PSEG should not be aware of the issues to be able to destroy documents.
