**FOIA REQUEST**

Expedited review requested

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552 ("Act"), we request copies of any investigation or inspection report either created by the U.S. Nuclear Regulatory Commission or housed in its files regarding any tritium or other radioactive material releases that have occurred at either Dresden 1, Dresden 2, or the Dresden 3 nuclear facilities (collectively, "Dresden Facilities"), which are currently owned by Exelon Corporation (or a related entity) and located near Morris, Illinois.

We agree to pay reasonable duplication fees for the processing of this request and will promptly remit payment for same immediately upon notification of any such fees. However, I respectfully request that you notify me prior to you incurring any expenses in processing this request in excess of \$50.00.

Please provide expedited review and processing of this request because delayed disclosure could threaten the physical health of our clients and the value of our clients' property, which is located along the Illinois River, approximately 1.5 miles from the Dresden Facilities. I certify that this statement regarding expedited review is true and correct to the best of my knowledge and belief.

I look forward to your reply within ten business days pursuant to the Act.

Thank you for your assistance.

Sincerely

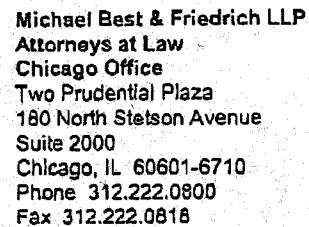

Michael Best & Friedrich LLP
