Nils J. Diaz, Ph.D.  
Chairman  
U.S. Nuclear Regulatory Commission  
Office of Public Affairs  
Washington, D.C. 20555

Dear Chairman Diaz:

I am writing to request that the Nuclear Regulatory Commission copy the Chairman of the Texas Radiation Advisory Board (TRAB) on official correspondence sent to the State of Texas. This will ensure that the board is up-to-date on federal nuclear regulatory issues that might affect radiation policy in our state.

TRAB is an 18-member statutory board that is organized to review and evaluate state radiation policies and programs; to make recommendations and furnish technical advice that may be required on matters relating to development, use, and regulation of sources of radiation; to review proposed rules and guidelines of state agencies relating to regulation of sources of radiation; and, to recommend changes in proposed or existing rules and guidelines.

Your assistance is appreciated.

Sincerely,

A large, stylized handwritten signature of Rick Perry in black ink.

Rick Perry  
Governor
