Subject: PSEG site meeting & press release on our letter

This is a resend of a broad message at 11:51 am.: (Sorry for oversight; I've added you both to distribution group.)

Chris Bakken discussed the status of PSEG actions to our Jan. 28th letter with Dan Orr this morning. Based on the discussions, Dan understands that Salem and Hope Creek will be having site-wide meetings at 1 pm to discuss the letter and what it represents with site personnel.

At 2 pm PSEG intends to issue a press release from corporate HQ in Newark, NJ to address the letter.
