SUBJECT: Changes to the NFS Emergency Plan, Revision 9, Dated April 2005

Dear Sir:

In accordance with Chapter 8 of SNM-124, Nuclear Fuel Services, Inc. (NFS) is hereby reporting the following changes to the NFS Emergency Plan, Revision 9, dated April 2005. In Section 4.1, Page 4-1, Mr. Don Paine is listed as an Emergency Control Director (ECD). Mr. Paine is no longer with the Company and, therefore, has been removed from the ECD roster. Previous additions to the ECD roster have ensured the remaining number of ECDs to be sufficient. Additionally, Figure 5.4, Page 5-17, *Emergency Evacuation Routes* has been updated to include plant changes. Incorporation of these changes into Revision 10 of the Emergency Plan is currently in progress. The revised Plan will be provided to you at a later date.

In accordance with 10 CFR Part 70, Section 70.32 (i), NFS has determined that these submitted changes do not decrease the effectiveness of the Emergency Plan, and an amendment of SNM License 124 is not requested.

If you or your staff have any questions, require additional information, or wish to discuss this, please contact me, or Dr. Sarah E. Barron, Emergency Preparedness Coordinator, at (423) 743-9141, extension 1284. Please reference our unique document identification number (21G-06-0032) in any correspondence concerning this letter.

Sincerely,

NUCLEAR FUEL SERVICES, INC.
