3/18 is the very likely date for the meeting

Please see the attached questions from the allegor. I should probably get back to her today. Based on my knowledge so far, I am assuming:

1. All we have received so far is the faxed version of the PSEG 2/27/04 letter, and that when we do get the official version, it will not be in electronic form, and;
2. We are not planning on sending PSEG an interim response in advance of the meeting.

Please get back to me as soon as possible with the answers to these questions. Thanks.
