RE: Valley Heart Group - Amendment Application
License Number: 29-30525-01

Dear License Reviewer:

Please amend our byproduct material license to add Mitchell W. Weiser, M.D. as an authorized user for all procedures and materials approved on our current license. Dr. Weiser is board certified by the Certification Board of Nuclear Cardiology. A copy of his board certification has been attached for review. Documentation attesting to his clinical training are attached for review and approval. Please refer to this section for details.

All remaining items referenced on our byproduct material license and application will remain unchanged. If you have additional questions, please contact Michael Lairmore or myself. Mr. Lairmore may be reached at (201) 693-2277.

We thank you in advance for your assistance with this licensing action.

Sincerely,

Howard Goldschmidt, M.D.

RE: Mitchell W. Weiser, M.D. - Confirmation of Academic & Clinical Training

Dear Sir or Madame:

Please allow this correspondence to confirm that Mitchell W. Weiser, M.D. has completed a total of 1,000 clinical training hours under by supervision. During the course of his training, Dr. Weiser completed 500 hours working in the nuclear cardiology lab to include:

- A. Examining patients and reviewing their case histories to determine their suitability for radioisotope diagnosis, limitations, or contraindications.
- B. Selecting the suitable radiopharmaceuticals and calculating and measuring the dosages.
- C. Administering dosages to patients and using radiation shields.
- D. Collaborating with the authorized user in the interpretation of radioisotope test results and patient follow-up.

The remaining 500 hours of clinical training was completed in the following areas:

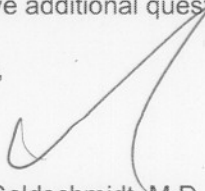

- A. Ordering, receiving and unpacking radioactive materials safely and performing the related radiation surveys.
- B. Checking survey meters for proper operations.
- C. Calibrating dose calibrators and diagnostic instruments and performing checks for proper operations.
- D. Using procedures to contain radiation spills of byproduct material and using proper decontamination procedures.
- E. Actively involved in using administrative controls to prevent a medical event involving the use of unsealed byproduct material.

Please allow this correspondence to confirm that Mitchell Weiser, M.D. has been actively involved in using administrative controls to prevent a medical event involving the use of unsealed byproduct material.

Finally, I confirm that Dr. Weiser is competent to practice independently as an authorized user.

If you have additional questions regarding Dr. Weiser's training, please contact me.

Sincerely,
