Subject: Notice of New Corporate Entity - BNG America LLC

Reference: NRC Docket No. BFS/NRC 06-001

Dear Mr. Brach:

Please be advised that, effective January 30, 2006, all assets of BNG America, the corporate parent company of BNG Fuel Solutions, were transferred to and are now held by BNG America LLC. Furthermore, BNG America LLC is in the process of being acquired by EnergySolutions (formerly known as Envirocare of Utah, LLC), a privately held U.S. company. This acquisition is expected to be finalized within the next few weeks.

As of this notification, BNG Fuel Solutions Corporation (BFS) will continue to perform quality-affecting activities under the NRC-approved BNG Fuel Solutions Corporation Quality Assurance Program (QAP). The QAP will be revised to include the name of the new corporate entity. This revision will not affect BFS CoC's or license applications.

Should additional information be required, please contact Mr. Steven Sisley at (408) 558-3509.

Sincerely,

A handwritten signature in black ink, appearing to read "Jonathan P. Carter".
