Subject: Notice of New Corporate Entity - BNG America LLC

Reference: NRC Docket No. 71-0912

Dear Mr. Brach:

Please be advised that, effective January 30, 2006, all assets of BNG America were transferred to and are now held by BNG America LLC. Furthermore, BNG America LLC is in the process of being acquired by EnergySolutions (formerly known as Envirocare of Utah, LLC, a privately held U.S. company). This acquisition is expected to be finalized within the next few weeks.

On August 24, 2005, per BNG America's request, the Spent Fuel Project Office terminated BNG America's Quality Assurance Program (QAP) NRC-approval No. 912, revision 3. The QAP will be maintained and is scheduled to be revised to include the name of the new corporate entity.

Should you have any questions or comments, please contact Mr. Chris Marden at 303-874-3964.

Sincerely,

A handwritten signature in black ink, appearing to read "Jonathan P. Carter".

Vice President and General Counsel
