Donnie,

Assuming the Sufficiency Review is satisfactorily completed, would you please answer the following question for planning purposes:

During the NRC review period, we are required to update you on any CLB changes that materially affect the LRA. Do you know about when you would want to receive that update, given your review/production schedule?

- John.

John-

As soon as it becomes an official part of the CLB, we need to be informed.

We will also need detailed information on how the change affects the LRA, including detailed information on the particular section(s) of the LRA affected.

Hope this answers your question.
