Re: Name Change in SNM Exemption Order

Dear Mr. Flanders:

EnergySolutions, LLC (formally Envirocare of Utah, LLC) hereby requests a name change from Envirocare of Utah, LLC to EnergySolutions, LLC. Specifically, this name change is requested for two documents:

1. U.S. Nuclear Regulatory Commission  
Docket 40-8989  
Safety Evaluation Report  
Regarding the Revision to Exemption From  
Requirements of 10 CFR 70  
January 14, 2003
2. U.S. Nuclear Regulatory Commission  
Docket 40-8989  
Safety Evaluation Report  
Regarding the Revision to Exemption From  
Requirements of 10 CFR 70  
June 2005

Document #1 above is currently referenced in License Condition 13 of Utah Division of Radiation Control, Radioactive Material License (RML) UT 2300249. The Utah Division of Radiation Control will not change the name, as referenced above, without authorization from the Nuclear Regulatory Commission.

In addition, EnergySolutions has received a revision to Document #1 above as referenced in Document #2 above. Document #2 is not a license condition in RML UT 2300249 but

Scott Flanders

will be added to this license in the near future. Document #2 above also needs to be revised with the new name.

It is requested that the name change be completed expeditiously so EnergySolutions can amended its Utah RML.

Please call me at (801)649-2114 with any questions or concerns.

Sincerely,
