MEMORANDUM TO: Eileen M. McKenna  
Office of Nuclear Reactor Regulation

FROM: Michael T. Lesar, Chief **/RA/**  
Rules and Directives Branch  
Division of Administrative Services  
Office of Administration

SUBJECT: OFFICE CONCURRENCE ON ADVANCE NOTICE OF PROPOSED  
RULEMAKING ENTITLED, "APPROACHES TO RISK-INFORM AND  
PERFORMANCE BASE REQUIREMENTS FOR NUCLEAR  
REACTORS"

The Office of Administration concurs on the advance notice of proposed rulemaking that would amend Part 50 and add a new Part 53. We have attached a copy of the package that presents our comments.

When this document is forwarded for publication, please include a 3.5 inch diskette that contains a copy of the document in WordPerfect as part of the transmittal package. The diskette will be forwarded to the OFR and the Government Printing Office for their use in typesetting the document.

A Regulatory History must be created for this proposed rule after it has been published in the *Federal Register*. The Regulatory History should be created in ADAMS. In the profile of each document related to the Regulatory History, use the Regulation Identifier Number (RIN) as the Case/Reference number (RIN-AH81). This will make it easier to combine all the documents into a package under ADAMS after the proposed rule has been published.

If you have any questions, please contact me, 415-7163 (MTL), or Michael Harrison, 415-6865 (PMH), of the Office of Administration.
