Roger Davis of the Chairman's office called me late yesterday afternoon to tell me that the Commission has agreed with the Chairman's proposed approach, as reflected in his comments on the draft correspondence with the NAS (CORR: 05-0014).

Per Mr. Kane's request, I have reserved the 2nd floor SCIF conference room from 12:30 until .... for the purpose of reviewing the NAS report. I have a previously scheduled appointment and will be out for part of the morning.

Our conference room is on the 2nd floor of White Flint One building toward the back of the building. Exit the elevator lobby toward the Administrative services group, turn right upon entering the double doors, turn left at the hallway, proceed down the hallway and pick up the phone on the wall, it will automatically ring back to my section and we'll buzz you in.
