RE: Change in Radiation Safety Officer License # 37-28586-01

To Whom It May Concern:

Effective immediately, Mr. Wayne Applegate will no longer serve as the Radiation Safety Officer at Epsilon Products Company. Please change all correspondence and our license into my name. I have enclosed a copy of my 40-hour RSO Course and DOT & NRC Requirements for Shipping and Receiving Radioactive Materials Certificates. My current position is Sunoco Chemicals Delaware Valley Regional Safety Engineer.

In addition to this change, Epsilon Products has previously requested a name change for the Plant Manager at this facility. Mr. Gus Hutras is the current plant manager, replacing the former plant manager, Joe Becker. Could you please update this information as we are still receiving notifications from the NRC addressed to Mr. Becker.

If you have any questions or concerns or need additional information, please do not hesitate to call me at 610-497-8208.

Sincerely,

Douglas C. Wallace
Sunoco Chemicals DV Regional Safety Engineer
