RECEIVED
REGION I
2006 MAR - 6 PM 1:48

Dear Ms. Gabriel:

At Saint Francis Medical Center, we will be starting the HDR project soon. I am informed that all the application paperwork has been submitted to NRC for review. I have personally acknowledged about this license application process and am aware about all the necessary policy and procedures related to this HDR process. As a senior member of the administration, I fully understood that the authorized users (AU) and authorized medical physicists (AMP) will have enough qualification and experience to perform the HDR treatment procedures in this facility.

Thank you for your kind attention.

Sincerely,

Joseph Flamini
Vice President, Operations
