Attached hereto is the criticality analysis document prepared by BWXT Y-12 to assist Visionary Solutions (VS) in its application for a packaging exemption necessary for completion of the work in the above referenced subcontract.

The document is titled "Criticality Safety Basis for Type AF Packaging Exemption for Surface Contaminated Objects (SCO) Transported by Highway/Rail," D. Crenshaw-Smith and Larry Masters, Document Number Y/DD-1184, Rev. 0, August 2005. This document is to be used for "Official Use Only".
