As a reminder from the meeting yesterday, the NRC would like to a copy of the Versar report. Since it was a NJ report, they were looking for the state to provide a copy of it and you had said, I thought, that you would provide it.

We could provide it but, since it is a state report, I think they would like to receive it from you. If that is not possible, please let me know and we can coordinate such that the report can be provided to them to aid in the NRC's review at the earliest available opportunity.

If you should have any questions, please feel free to contact me at any time.
