Dear Ms. Weider,

In reference to your e-mail of 2/23/06, the following is our response:

1. Danville Diagnostic Imaging Center (DDIC) transports radioactive ^{99m}Tc myocardial agents to physicians' offices within the Danville area to administer during stress exercise testing. All patients are subsequently scanned at DDIC. All activities are performed in accordance with the requirement of 10 CFR 35.80.
2. All radioactive materials are transported in accordance with 49 CFR Parts 170 – 189.
3. Emergency procedures in accordance with 10 CFR 20.1101 have been developed and implemented for purposes of radiation protection.
4. Drivers transporting radioactive materials have been properly trained in accordance with 10 CFR 19.12 and 10 CFR 35.27. This training includes DOT regulations, shielding, ALARA and basic radiation protection.

Please contact me if you should require additional information.

Respectfully Submitted,

Debra M. Parrish
Director
