Post-Examination Materials
PLA - 006003

Dear Mr. Fish:

In accordance with the guidance provided in NUREG 1021, "Operating Licensing Examination Standards for Power Reactors" (Revision 9) ES-501 "Initial Post-Examination Activities", the following materials are submitted in support of the Susquehanna Initial Licensing Examination that concluded on December 20, 2005.

1. Form ES-403-1 "Written Examination Grading Quality Checklist"
2. The graded, ORIGINAL, Written Examinations
3. Two clean copies of each Applicant's Answer Sheet
4. All questions asked by the Applicants during the administration of the examination and the Proctor's responses to those questions
5. The Written Examination Seating Chart
6. Requested modification to the Written Examination Answer Key

Post-exam analysis indicates four potential RO generic Training Program weaknesses (Questions missed by 50 percent or more of the Applicants), and two potential SRO generic Training Program weaknesses. Investigation and disposition of the potential generic weaknesses are being tracked by the Corrective Action Program.

All individuals signed on to Form ES-201-3, "Examination Security Agreement", have not yet completed the post-examination signature. When Form ES-201-3, "Examination Security Agreement", has been completed, it will be forwarded to you, thus completing the necessary documentation for this Susquehanna Initial Licensing Examination.
