As I understand it , the emergency plan for the Les (urenco-Bnfl, etc)enrichment plant project is being kept a secret.

If an accidental or terrorist caused release of massive amounts of radiation from the Les plant into a 30 mph westerly wind happened:

The emissions would be over Eunice in 8 minutes and over 2,500 people.

In a 30 mph northerly wind:

The emissions would be over Hobbs in an hour and probably 20,000+ people.

How do you warn them?

Don't they deserve to know or have a legal right to know the LES emergency plan or is it only for LES employees ?

Isn't that discriminatory ?

I request Governor Richardson, the state of New Mexico, NMED, the NRC, DOE, Urenco. the Board of Trade and Industry (sponsoring UK agency of BNFL) , BNFL and other LES partners release the emergency plan for the LES plant for the public health of this area.
