License Renewal Application Annual Update Information

Reference: Letter from Cornelius J. Gannon to the U. S. Nuclear Regulatory
Commission (Serial: BSEP 04-0006), "Application for Renewal of
Operating Licenses," dated October 18, 2004 (ML043060406)

Ladies and Gentlemen:

On October 18, 2004, Carolina Power & Light Company (CP&L), now doing business as Progress Energy Carolinas, Inc., submitted a License Renewal Application (LRA) for the Brunswick Steam Electric Plant (BSEP), Unit Nos. 1 and 2.

During the NRC review of the LRA, CP&L is required, by 10 CFR 54.21(b), to amend the LRA by identifying any changes to the BSEP current licensing basis (CLB) that materially affect the contents of the LRA, including the Updated Final Safety Analysis Report Supplement. This information is required to be submitted annually and at least three months prior to the scheduled completion of the NRC review. In anticipation of the completion of the NRC review, CP&L has completed a review of the BSEP CLB pursuant to 10 CFR 54.21(b) and reports that no changes to the CLB have been identified that materially affect the content of the LRA.

Please refer any questions regarding this submittal to Mr. Mike Heath, Supervisor - License Renewal, at (910) 457-3487.

I declare, under penalty of perjury, that the foregoing is true and correct. Executed on March 20, 2006.

Sincerely,

A handwritten signature in black ink that reads 'James Scarola'.

James Scarola
