Subject: IPEC Status Report for October 21

Indian Point Energy Center

A/35

Daily Status Report

October 21, 2005

Operational Status

Indian Point Unit 2 is operating at 100% and has been online 321 days.

Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 16 days.

Entergy is continuing the investigation into a leak in the IP2 spent fuel pool. The NRC is conducting a special inspection on the issue. Earlier this week, Entergy released the results of a second round of sampling well results.

NRC Sets Public Meeting on New Siren Orders

The Nuclear Regulatory Commission will hold a public meeting at Crystal Bay on November 16, 2005 from 7 to 10 pm. The meeting is being held to discuss the installation of backup power for the emergency notification system, as specified in the Energy Policy Act of 2005, and to discuss corrective actions for the siren system for Indian Point. A copy of the NRC notice can be found on the agency's web site at <http://www.nrc.gov/> <<http://www.nrc.gov/>>

BM_40154 Florida Power & Light Prepares for Hurricane Wilma's Arrival

Florida Power & Light activated its hurricane plan as it prepares for a possible hit from Hurricane Wilma. Entergy has pledged support to the Florida utility as restoration efforts wind down in Louisiana and Texas from hurricanes Katrina and Rita.

FPL also has staffed its emergency operations center and discussed the situation with county emergency officials.

Updated Dry Cask Storage Factsheets Available

Entergy has produced an updated informational brochure, available in electronic and hardcopy format that explains the details of dry cask storage. Contact Andrea Blizard at 914-271-7081 or by return email at kmcmull@entergy.com <<mailto:kmcmull@entergy.com>> for a copy.

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups,

scope

and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

IPEC has a toll-free number, 800-822-9602, for radiological information on liquid and airborne releases as permitted in our operating licenses. Please note that there is now a single number for both IP2 and IP3.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
