A/37

Indian Point Energy Center

Daily Status Report

October 27, 2005

#### Operational Status

Indian Point Unit 2 is operating at 100% and has been online 327 days.

Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 23 days. Operations crews are performing routine tests, maintenance and surveillances.

Entergy is continuing the investigation into a leak in the IP2 spent fuel pool. Experts in hydrology and ground water modeling have been hired to assist in the investigation.

The NRC is continuing its special inspection on the spent fuel pool issue. The inspection began on September 22 and is on-going.

#### NRC Set To Conduct Safety System Inspection at IP3

A six-person NRC team from Region I will conduct a Safety System Design and Performance Capability inspection of Unit 3 from October 31- November 4 and November 14-18. The NRC will review the Component Cooling Water system and the Safety Injection system.

#### BM\_40154 Updated Dry Cask Storage Factsheets Available

Entergy has produced an updated informational brochure, available in electronic and hardcopy format that explains the details of dry cask storage. Contact Andrea Blizard at 914-271-7081 or by return email at [kmcmull@entergy.com](mailto:kmcmull@entergy.com) <<mailto:kmcmull@entergy.com>> for a copy.

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

IPEC has a toll-free number, 800-822-9602, for radiological information on liquid and airborne releases as permitted in our operating licenses. Please note that there is now a single number for both IP2 and IP3.

Not in  
Scope

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
