Dear Mr. Diaz,

My name is Virginia Flowers and I live in Shelly's Riverview Development. My home over looks the beautiful Susquehanna River and also Three Mile Island. It is my understanding that your office oversees the license renewal for TMI nuclear plant. Since TMI has passed yet another anniversary year of the meltdown that caused such fear in the hearts of many local residents, I would like to know what measures are being taken to assure this aging nuclear plant continues to be safe?

Furthermore, the news has stated that TMI employees have been found sleeping on the job due to the plant being understaffed. In light of 911 and the high risk that this could cause, what measures are being taken so we can continue to have safe and affordable nuclear energy here in central PA?

Sincerely,

Virginia Flowers
