

Telephone Conversation Record

Phone conversation with Bill White, NMT and Kevin Miller, the licensee's consultant on 2/7/2006 and Kevin Miller on 3/13/2006. According to Kevin Miller, the licensee has determined that they would like to retain Dr. Carl as RSO. The reviewers original request was for a preceptor form for Dr. Magagna. After such time that another physician is qualified under Part 35 for the RSO position, they would like to retain Dr. Carl in that position. A letter to Dr. Carl to that effect has been prepared and will be sent when this action is voided. Also, the reviewer spoke to Dr. Carl who stated that he agrees to maintain the position of RSO indefinitely. This conversation took place on March 15, 2006.
