

Federal, State, and Local Governments 2003 Public Elementary-Secondary Education Finance Data

[Main](#)
[Back To Education Finances](#)

Education finance data include revenues, expenditures, debt, and assets (cash and security holdings) of elementary and secondary public school systems. These data are available in viewable tables and downloadable files. Information related to file layouts and definitions can be found in the Technical Documentation below.

Downloadable Data

Three formats are available -- Excel spreadsheets, comma-delimited text files and SAS datasets. The fixed-length file is no longer available.

Directions for downloading files:

The Excel and comma-delimited text files will open in the same window. On the menu bar, go to File, then Save As to download the files to your computer. When opening the SAS dataset, first save to your computer and then open the file.

State-level Tables

State-level tables containing selected revenue, expenditure, debt, and asset data items are available in Excel format.
