Subject: Report of Nuclear Property Insurance, 10CFR50.54(w)(3)

Gentlemen: In Reference (b), Maine Yankee informed the USNRC that the Board of Directors of Maine Yankee had decided to permanently cease operations and that fuel had been permanently removed from the reactor. In accordance with 10CFR50.82(a)(2), the certifications, in the letter, modified the Maine Yankee license to permanently withdraw Maine Yankee's authority to operate.

Maine Yankee requested and has received an exemption from certain financial protection requirement limits delineated in 10CFR50.54(w) as discussed in Reference (c). Maine Yankee is now required to maintain a minimum of \$50,000,000 for onsite property coverage.

The nuclear property insurance coverage presently in force to protect the Maine Yankee site at Wiscasset, Maine is as follows:

POLICY #	INSURER	AMOUNT
P05-079	Nuclear Energy Insurance (NEIL)	\$50,000,000
P06-079 (Effective 4/1/06)	Nuclear Energy Insurance (NEIL)	\$50,000,000

As outlined, Maine Yankee made a decision to reduce the NEIL Property Insurance limit to the minimum of \$50,000,000 effective 4/1/04.
