U.S. Department of Homeland Security
Washington, DC 20528

SUBJECT: COMANCHE PEAK STEAM ELECTRIC STATION (CPSES)
DOCKET NOS. 50-445 AND 50-446
RISK ANALYSIS AND MANAGEMENT FOR CRITICAL ASSETS
PROTECTION (RAMCAP) RESULTS for CPSES, 2006

Ms. Kimberly,

Enclosed with this letter are the data sheets (information) from the RAMCAP assessment performed at CPSES on February 14th and 15th 2006. This information is voluntarily submitted to the Department of Homeland Security (DHS) for its use regarding the security of critical infrastructure and protected systems, analysis, warning, interdependency study, recovery, reconstitution, or other informational purposes including, without limitation, the identification, analysis, prevention, preemption, and/or disruption of terrorist threats to our homeland. This information is voluntarily submitted to the Federal Government in expectation of protection from disclosure as provided by the provisions of the Critical Infrastructure Information (CII) Act of 2002. It also is marked as Safeguards Information under the provisions of 10 CFR Part 73.21 and must be protected accordingly.

TXU Generation Company LP (TXU Power) is voluntarily providing this information for the purposes of the CII Act of 2002. The information being submitted is not being submitted in lieu of independent compliance with a Federal legal requirement. The information is not required to be submitted to a Federal agency. And further, the information is not of the type customarily in the public domain. Submitting on behalf of TXU Power, any false representations on such submissions may constitute a violation of 18 U.S.C. 1001.

TXU Power requests that DHS respond within 30 days of receipt of this information with an acknowledgement that the information has been designated as PCII or requires more information for review. Until a decision is made [by the Federal Government], the submitted information shall carry the presumption of protection and be safeguarded accordingly. After the information is designated as PCII, please provide a copy to the Risk Management Division, Office of Infrastructure Protection to support the Nuclear Sector Comprehensive Review and the National Risk Profile.

This transmittal does not contain any new commitments for CPSES Units 1 and 2.

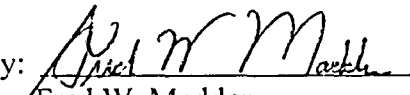

If you have questions concerning this transmittal, please contact Mr. Stephen Karpyak at 254-897-8047 or Mr. Neil Harris at 254-897-5449.

Respectfully submitted,

TXU Generation Company LP
