

EDO Daily Note - Braidwood Tritium Contamination

Exelon will be briefing the Illinois Environmental Protection Agency (IEPA) on January 23 in Springfield, Illinois. The briefing will inform IEPA of topics to be covered in a meeting with residents near the Braidwood facility that will be held on January 26, where Exelon will report the current status of characterizing the tritium contamination and remediation progress. Region III staff will be attending both the briefing with IEPA and the meeting with local residents.
