Docket No. 50-133, OL-DPR-7
Humboldt Bay Power Plant Unit 3
Annual Radioactive Effluent Release Report for 2005

Dear Commissioners and Staff:

Enclosure 1 contains the Humboldt Bay Power Plant Unit 3 "Annual Radioactive Effluent Release Report," covering the period January 1 through December 31, 2005. This report is required by Section 5.7.3 of the Humboldt Bay Power Plant Unit 3 Technical Specifications.

Enclosure 2 contains Revision 12 to the "SAFSTOR Offsite Dose Calculation Manual" as required by Specification Section 4.2 of the "SAFSTOR Offsite Dose Calculation Manual."

Sincerely,

A handwritten signature in black ink, appearing to read 'Roy B. Willis', is written over a printed name. The signature is stylized and cursive.

Roy B. Willis
