Bonnie Bessemer
Radiologic Health Branch
Division of Food, Drug & Radiation Safety
California Department of Health Services
P.O. Box 997414
Sacramento, CA 95899-7414

Dear Ms. Bessemer:

We have been informed that you will be attending the 2006 Sealed Source and Device Workshop conducted by the U.S. Nuclear Regulatory Commission during the week of April 24-28, 2006. In an effort to better understand student needs, and to provide students with a means to gauge their understanding of the material, we request that you complete the enclosed pretest before arriving at class on Monday morning. Please fill out your answer clearly on BOTH the answer sheet and the pretest question sheet. We will collect the answer sheets at the beginning of class, and distribute an answer key. Following the technical lectures, we will review the pretest in detail.

Enclosed you will also find a pamphlet that contains the agenda for the various workshop lectures and tours.

If you have any additional questions, please contact me at (301) 415-7218, or Jonathan Rivera at (301) 415-5810.

Sincerely,

/RA/

Olympia, WA 98504-7827
(360) 236-3220

Dear Mr. Mathews:

We have been informed that you will be attending the 2006 Sealed Source and Device Workshop conducted by the U.S. Nuclear Regulatory Commission during the week of April 24-28, 2006. In an effort to better understand student needs, and to provide students with a means to gauge their understanding of the material, we request that you complete the enclosed pretest before arriving at class on Monday morning. Please fill out your answer clearly on BOTH the answer sheet and the pretest question sheet. We will collect the answer sheets at the beginning of class, and distribute an answer key. Following the technical lectures, we will review the pretest in detail.

Enclosed you will also find a pamphlet that contains the agenda for the various workshop lectures and tours.

If you have any additional questions, please contact me at (301) 415-7218, or Jonathan Rivera at (301) 415-5810.

Sincerely,

/RA/

Timothy E. Harris, Chief
Section A, Materials Safety & Inspection Branch
Division of Industrial and Medical
Nuclear Safety
Office of Nuclear Material Safety
and Safeguards

Enclosures:

1. 2006 SSD Workshop Pre-test
2. 2006 Workshop Pamphlet

cc: L. Bolling, OSTP

April 7, 2006
