Subject: IPEC status report for November 30

A/36

Indian Point Energy Center

Daily Status Report

November 30, 2005

Operational Status

Indian Point Unit 2 is operating at 100% and has been online 361 days.

Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 57 days.

Emergency Plan Exercise Held Today

Entergy, New York State Emergency Management Office and the four counties in the 10-mile Emergency Planning Zone held an emergency response exercise today. The scenario involved a simulated small loss of coolant accident which escalated into a larger break followed by fuel damage and release of radiation.

Today's exercise marked the first time using the new Joint Information Center located at the DOT traffic management center in Hawthorne, N.Y. The new JIC uses a virtual news room concept where media briefers from remote locations can participate via audio and video links.

Siren False Alarm in Yorktown

Some residents in the Yorktown area heard the sound of a siren last night. The siren was not one of the 156 emergency sirens in the EPZ. It was confirmed to be a fire department siren. State Police and local officials responded to a number of citizen inquiries.

Entergy Adds New Feature to Website

Entergy has added an e-mail update feature to its safesecurevital website. You can sign up for updates on a variety of topics including siren tests, security upgrades and environmental issues.

To receive these updates go to www.safesecurevital.org <<http://www.safesecurevital.org/>> and provide an email address.

BM_40154 Updated Dry Cask Storage Factsheets Available

Entergy has produced an updated informational brochure, available in electronic and hardcopy format that explains the details of dry cask storage. Contact Andrea Blizard at 914-271-7081 or by return email at

kmcmull@entergy.com <mailto:kmcmull@entergy.com> for a copy.

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
