Subject: IPEC status report for December 15

A map is attached.

A/51

Indian Point Energy Center**Daily Status Report**

December 15, 2005

Operational Status

Indian Point Unit 2 is operating at 100% and has been online 376 days.

Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 72 days.

Indian Point Spent Fuel Pool Investigation

Entergy is drilling wells in nine new locations on site as part of the on-going investigation of a leak in the IP2 spent fuel pool. Sample results for tritium from two new wells located in the IP2 transformer yard have been obtained. There is a third well new well in the transformer yard (MW-33) that has been sampled but results are not yet available. These wells are located nearby MW-111, which showed tritium levels around 211,000 pCi/L.

An updated map showing the locations of the transformer yard wells is attached.

ID

Date

Location

Sample Results

Tritium

MW-34

12/13/2005

Transformer Yard

63,900 pCi/l

MW-35

12/13/2005

Transformer Yard

42,300 pCi/l

Additional sample wells are being drilled near the fuel storage building. See map.

The NRC announced it will continue its special inspection regarding the spent fuel pool leak until the first phase of the investigation is completed. The public exit meeting will be held following the end of the special inspection.

Entergy Adds New Feature to Website

Entergy has added an e-mail update feature to its safesecurevital website. You can sign up for updates on a variety of topics including siren tests, security upgrades and environmental issues.

To receive these updates go to www.safesecurevital.org <<http://www.safesecurevital.org/>> and provide an email address.

BM_40154 Updated Dry Cask Storage Factsheets Available

Entergy has produced an updated informational brochure, available in electronic and hardcopy format that explains the details of dry cask storage. Contact Andrea Blizzard at 914-271-7081 or by return email at kmcmull@entergy.com <<mailto:kmcmull@entergy.com>> for a copy.

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
