Subject: IPEC status report for December 7

A/40

Indian Point Energy Center

Daily Status Report

December 7, 2005

Operational Status

Indian Point Unit 2 is operating at 100% and has been online 368 days.

Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 64 days.

Spent Fuel Pool Investigation

Entergy is continuing the investigation into a leak from the Unit 2 spent fuel pool. Additional samples have been taken from MW-38, the most southerly well location on site as the well is being developed. Vacuum drilling for the wells in the transformer yard has been completed. The leak rate from the narrow crack in the spent fuel pool remains steady at about 10 ml/day.

The NRC is continuing its special inspection on the spent fuel pool issue and is continuing conference calls to brief stakeholders. No date has been set for the public exit meeting.

CMS Energy Plans to Sell Palisades

The owner of the Palisades nuclear plant announced its plan to sell the 845 MW unit. CMS Energy cited the consolidation going on in the energy industry as the primary motivator for the sale. The unit is currently operated by the Nuclear Management Company but other NMC operated plants such as Kewaunee and Duane Arnold have recently been sold or are in the processing of selling. Palisades is located near South Haven, Mich.

Entergy Adds New Feature to Website

Entergy has added an e-mail update feature to its safesecurevital website. You can sign up for updates on a variety of topics including siren tests, security upgrades and environmental issues.

To receive these updates go to www.safesecurevital.org <<http://www.safesecurevital.org/>> and provide an email address.

BM_40154 Updated Dry Cask Storage Factsheets Available

Entergy has produced an updated informational brochure, available in electronic and hardcopy format that explains the details of dry cask storage. Contact Andrea Blizard at 914-271-7081 or by return email at kmcmull@entergy.com <<mailto:kmcmull@entergy.com>> for a copy.

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
