**Subject:** I am Heading Out

I think that I have briefed or cc'ed you on email relative to Braidwood. Wayne will keep you update if anything significant changes. Orth is also checking his email. Wayne will update the SAFE board, input to the One Week Look Ahead if we have final confirmation of the meeting, and put the comm plan revision in concurrence. John is heading to the site on Thursday.

While I'm gone - I plan on finalizing the AITS from our retreat and will have them ready for you on Friday as well as my cut on the review of the summer hire packages.

Call if you need anything - see you on Friday.

Anne T. Boland, Deputy Director  
Division of Reactor Safety  
NRC Region III
