Re: Florida Power & Light Company
Letter of Intent
Submittal of Combined Operating License Application

Florida Power & Light Company (FPL) is pleased to notify the Nuclear Regulatory Commission (NRC) of its intention to submit one application for a Combined Operating License (COL) for a site in Florida in 2009.

FPL is currently evaluating site selection and reactor technology options and will advise the NRC as to the details of these evaluations as soon as they are completed.

We look forward to pre-application interactions with your staff. We believe that these communications and FPL's preparation efforts will enable FPL to submit a COL application that is consistent with NRC's acceptance criteria. We will be contacting you to arrange a meeting to share further details regarding our plans and schedule.

The following addresses should be used for pre-application communications for the project.

Executive communications: Mr. J. A. Stall
Vice President, Nuclear and Chief Nuclear Officer
700 Universe Blvd.
Juno Beach, FL 33408
(561) 694-4220

Licensing communications: Mr. Mark Dryden
Licensing Supervisor
700 Universe Blvd.
Juno Beach, FL 33408
(561) 694-4430

If there are any questions regarding our COL application efforts, please contact Mr. Martin Gettler, Vice President, Nuclear Projects at (561) 691-7487.

Sincerely yours,

cc: Luis A. Reyes, Executive Director for Operations, USNRC, Washington, DC
William D. Travers, Regional Administrator, USNRC Region II
Art Stall, Senior Vice President, Nuclear and Chief Nuclear Officer, FPL
Mitch Ross, Associate General Counsel, FPL
