Dear Mr. Lodhi,

The purpose of this letter is to certify that during the time we had in our possession the closed source of radioactive material covered by License Number 29-~~30800~~³⁰⁷⁰⁰-01, there was never a leak of radioactive material. The above mentioned source was removed from the site on December 20, 2005.

Thank you for your assistance and cooperation.

Sincerely,

Marcy M. Matlosz
