Mallinckrodt Chemical Works
Second and Mallinckrodt Streets
St. Louis 7, Missouri

Gentlemen:

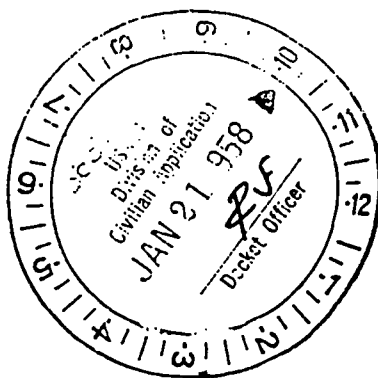

This is in reply to your letter of January 9, 1958 requesting authorization to purchase three hundred pounds of normal uranium as metal from the Commission.

Normal uranium, as metal, is now available commercially from the Davison Chemical Company, Erwin, Tennessee. It is suggested you communicate with Davison to determine whether or not they can supply material suitable to your requirements.

If the material is unavailable, please let us know and we will reconsider your application.

Very truly yours,

J. C. Delaney
Chief, Materials Section
Licensing Branch
Division of Licensing & Regulation
