St. Louis 7, Missouri

Attention: Mr. Victor H. Knoop, Secretary

Gentlemen:

Reference is made to your letter of February 8, 1960, which requests amendment to License No. R-226 to allow release of radioactive materials in liquid effluents to unrestricted areas in concentrations in excess of limits in 10 CFR 20, Appendix B, Table II. Reference is also made to your letter of June 7, 1960, reporting airborne concentrations in the Euxenite plant, and advising the processing of euxenite ore under license R-226 has been terminated.

Inasmuch as your License No. R-226 expired on March 1, 1960, we will take no further action regarding your February 8, 1960 request.

Very truly yours,

J. C. Delaney
Chief, Nuclear Materials Section
